Merry Christmas! Yes, Christmas is still a few months away, but if you listen closely, you can hear the sleigh bells just off in the distance. For many, this Christmas season may bring a new sense of hope. Last year, many churches and choirs were right in the middle of virtual services, streaming, reduced forces in the music ministry, and an empty choir loft. This Christmas, the possibility of a *normal* Christmas worship celebration is *real* and is that exciting or what?!

Some of the music you'll find in this catalog may look familiar as it was originally developed for the Fall & Christmas 2020 season. However, as I'm sure you understand, it did not get the opportunity to make its way into libraries and worship services. This was a release that we were, and still are, extremely proud of and excited to re-introduce. It is full of new and stellar arrangements of classic carols, traditional hymns, original music for choirs small and large,

arrangements of modern worship songs, and four diverse cantata/musical offerings.

There are also *new* titles found in this catalog as well. Be sure to listen to Mary McDonald's *Hymn of Gratitude* and Pepper Choplin's *Heal Our Land*. Both of these new anthems are beautifully suited for this season. In addition, don't miss our many brand new offerings for keyboard.

Thank you for taking time to listen and review this music and thank you for your continued support. It has been a difficult year for us all. Keep the faith and keep striving to build your ministry to God's glory. May we all truly feel the peace, joy, love, and hope of Christ's coming more fully than ever this Christmas season.

The Road to Bethlehem

A Journey to the Newborn King

Lloyd Larson

Bethlehem seemed an unlikely destination for the fulfillment of God's promise to send a Messiah. Bethlehem. Why would anyone—especially the Creator of the universe—choose a little remote village? But as Scripture records, the road to Bethlehem was the road that ultimately led

to God! Lloyd Larson's *The Road to Bethlehem* uses narrative and music to help the listener meditate on the coming of the Messiah and the remarkable possibilities that can occur in seemingly unremarkable places. Kylee Larson's narration offers a fresh and thought-provoking perspective on that journey leading to Jesus' birth. Flexibly conceived for Advent and/or Christmas programming, each individual anthem may be presented during the weeks leading up to Christmas, or the entire work may be performed as a whole in a single worship service. Small and large choirs alike will find the choral writing appealing and versatile. Accompaniment options include piano only, full orchestra, or accompaniment CDs featuring the full orchestral recording.

Festival of Christmas

A Joyful Celebration of the Season

Mary McDonald

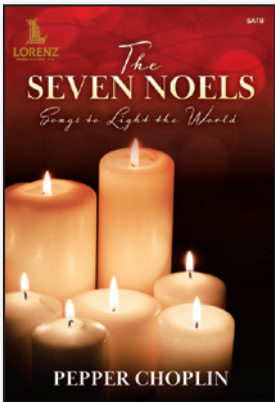

Celebrating the joyful news of Christ's birth, *Festival of Christmas* features the exciting and inspiring music of the season in a 40-minute work for worship or concert setting. Incorporating more than a dozen well-known Christmas carols and five original

songs, the story unfolds through music and narrative. Two selections are for either a soprano or tenor soloist with choral background. The exhilarating accompaniment, brilliantly scored by the creative pen of Michael Lawrence, adds sparkle to the presentation. However, all the thrills and key moments lie within the piano score, making it a compelling option on its own. Composed for a world premiere on the main stage at Carnegie Hall in 2020, this musical is available in SATB and SAB editions. Particular attention was given to the vocal ranges in the SAB version, and the accompaniment CD offers a split-track accompaniment option for those desiring additional vocal support in rehearsal or performance.

The Seven Noels

Songs to Light the World

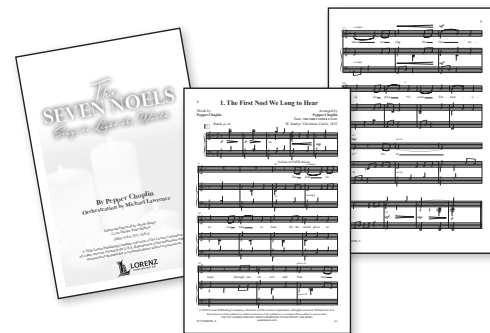

Pepper Choplin

Pepper Choplin's *The Seven Noels* weaves together THE FIRST NOWELL tune with original words to create a compelling frame for the beloved Christmas story. Written from different perspectives and propelling the musical narrative, the "noels" appear as short interludes between songs to describe imaginative visuals.

The interludes are arranged with opportunities for soloists, men's and women's features, and children's choir. Pepper also provides ideas to enhance the performance through staging and/or props. Ranging stylistically from heartfelt ballads like "A Star" to the rhythmic and energetic "Unto Us a Child Is Born" and "Never Been a Night," *The Seven Noels* is a wonderful Christmas experience for SATB choirs of all sizes.

When We Needed a King

A Christmas Worship Experience

Jay Rouse, Rose Aspinall, and Randy Vader

When We Needed a King is a Christmas worship experience from the collaborative team of Jay Rouse, Rose Aspinall, and Randy Vader, proclaiming the miraculous birth of a Savior just in the nick of time. As Jay Rouse

wrote "You've heard the phrase, 'in the nick of time,' right? I'm guessing you've even used it a time or two. 'In the nick' is that exact instant at which something has to take place. The idea is that a 'nick' is a narrow and precise marker, so that if something is 'in the nick' it is exactly where it should be." From the mysterious and dramatic opener "O Come, O Come, Emmanuel" to the thrilling conclusion in "The Coming of the King," this work illustrates and celebrates God's perfect timing. Listeners will be on the edge of their seats from the energy, creativity, and musical excitement from this remarkable writing team.
